Team # _____
#2: Dylan Burke
#4: Elijah Bagshaw

Pre -Planning

15 (15)

- Explorers asked appropriate questions from dispatch
- Explorers stocked appropriate supplies
- Explorers discussed entry, assigned roles

Officer Safety

16 (20)

- Plan is safe and appropriate. ✓
- Safe, tactical approach ✓
- Explorers make contact with officer ✓
- Explorers use proper gun handling techniques (no crossfire, muzzle control) ✓
- Explorers monitor area (360 cover) ✓

Interaction with downed officer

5 (15)

- Explorers put officer at ease *yelling @ her*
- Explorers find out what occurred *1/2*
- Explorers take control of officer's weapon

Teamwork

15 (15)

- Team Leader
- Communication ✓
- Scene Security ✓

Observation of Witness

- Observation of witness
- Full description of suspect obtained
- Intelligence gathered

*Left Handcuffed
Fingerprints
Alone*

Q (19)

Conduct Cause-by-Care

- Recognize possibility of concussion (head injury)
- Assess for other ~~and~~ threatening conditions
- Call for EMS *Did they?*
- Explains first ~~aid~~ alert bracelet

Q (20)

Tie Breaker questions:

What are the symptoms of low blood sugar in a diabetic? (1 pt each)

- feeling hungry ✓
- feeling dizzy.
- feeling anxious or irritable ✓
- sweating ✓
- shaking.
- tingling lips.
- heart palpitations.
- feeling tired or weak.

6

What are the symptoms of a concussion? (1 pt each)

- Headache or "pressure" in head.
- Nausea or vomiting. ✓
- Balance problems or dizziness, or double or blurry vision. ✓
- Bothered by light or noise.
- Feeling sluggish, hazy, foggy, or groggy.
- Confusion, or concentration or memory problems. ✓
- Just not "feeling right," or "feeling down".
